

URBAN REFINED THAI CUISINE

STORY OF MAYS

I was born the youngest daughter to a farmer family with 7 children in Baan Som Sanuk, a north-eastern farmer village bordering the Mekong River. After having sold clothes in one of Bangkok's wholesale markets at the age of 19, to pay for my younger brother's education, I saw an opportunity to enter hospitality and started working my way up the career ladder. Ten years later and wiser I was somewhat tired of the global corporate standards, which often neglected personality, and hence wanted to start something of my own at the same quality, yet filled with LOVE & PASSION.

In 2014 I left my corporate role and took to the streets, literally. I bought a street stall and started serving urban refined street food in a clean street ambiance at a food market in Pattaya, Thailand. The stall was doing so well, with queues for over an hour at times, allowing me to build a proper restaurant with a thatched roof from where we moved to a permanent location in Pattaya.

In 2017 MAYs Bali opened, followed by MAYs Factory and MAYs Dong Khoi in Saigon. In 2019 we opened MAYs Bangkok and were about to open MAYs Tulum in Mexico, MAYs Zagreb in Croatia and Thai Shack in South Korea, when COVID disrupted the world. We never opened.

In 2024 we introduced MAYs to Colombo in collaboration with our Sri Lankan partners under the brand MAYs Table. I hope you will enjoy your experience and taste my secret ingredients - LOVE & PASSION.
